

WP 21.9 42/71

TO THE FACULTY.

TO BE DISPOSED OF,

AN *ELIGIBLE* SITUATION IN THE HIGH STREET, KNARESBRO'.

For further Particulars enquire of DR. HUTCHINSON.

Long have I reign'd *unrivall'd* in the town,
Oppress'd with fees, and *deafen'd* with renown.
None e'er could die with *due solemnity*,
Unless his *passport* first was *signed by me*.

THE many *Advantages* which may be derived from this connection, are such as cannot be equalled in this Kingdom, in short, so *desirable* a vacancy is very rarely to be met with. ----- It is quite *unnecessary* for the person to possess any medical abilities, as DR. H's *wonderful* Prescriptions (which are always written in the most *elegant Latin*) will perfectly counterbalance any defect of that kind. The gentleman who may be so *fortunate* as to engage this situation will be taught the *important secret* of preparing the Doctor's WORM MEDICINE; the profits arising from which, the Dr. will only expect during his life: he will also be taught another *invaluable secret*, viz. the preparation of the EMPLASTRUM COCCYGIS or CUCKOO PLASTER, the discovery of which was attended with considerable expence, having cost the Dr. HIMSELF *fifty pounds* and a *goodnatured* gentleman of the LAW *thirty three*.

Besides these advantages, he will, occasionally, have an opportunity of displaying his abilities as a Pugilist, for the Dr. not being a man of great prowess, will, of necessity, employ him to chastise any medical gentleman who may dare to attend Harrogate; and, in case an action is commenced for the assault, will expect him to defend it at his own expence, as the honour gained by the victory will be more than adequate to any damages that can possibly be given in a court of justice.

As the Dr's female servants are generally handsome, sensible, and *remarkably quick of conception*, the gentleman will frequently have an opportunity of doing him a parental kindness.

† For an Introduction to this *lucrative* situation, the Dr. will require a CLEAR THIRD PART, only, of ALL the annual profits!!!

WORM HALL, KNARESBRO', JAN. 26, 1796.
